

ANTI-SLAVERY & HUMAN TRAFFICKING POLICY STATEMENT

INTRODUCTION

Slavery and human trafficking remains a hidden blight on our global society. We all have a responsibility to be alert to the risks, however small, in our business and in the wider supply chain. Staff and Employees are expected to report concerns and management are expected to act upon them.

ORGANISATION'S STRUCTURE

Riglift (UK) Limited is a specialist machinery, plant removal and installation company which supplies skilled certificated plant movement labour, light and heavy lifting tackles, lorry loader transport, cranes, fork lift and storage facilities to the Electricity, Air conditioning, Mechanical Engineering and Construction Industries. RigLift (UK) Limited has its head office in the UK and all our business and trading outlets are in the UK.

OUR BUSINESS

Our business is mainly the supply and provision of specialist machinery, plant removal and installation for electricity, construction and utility companies, using our own employees and members of staff.

OUR SUPPLY CHAINS

Our supply chain includes the suppliers of specialist transport like hiabs, crane-vehicles, lifting accessories, etc.

OUR POLICIES ON SLAVERY AND HUMAN TRAFFICKING

We are committed to ensuring that there is no modern slavery or human trafficking in our supply chains or in any part of our business. Our Anti-slavery Policy reflects our commitment to acting ethically and with integrity in all our business relationships and to implementing and enforcing effective systems and controls to ensure slavery and human trafficking is not taking place anywhere in our supply chains.

DUE DILIGENCE PROCESSES FOR SLAVERY AND HUMAN TRAFFICKING

As part of our initiative to identify and mitigate risk -

- In all cases, we carry out our services and deliver our works to ensure optimum control of the work environment;
- We limit the geographical scope of the delivery of our services to ensure optimum supervision of our work sites, practices and ethics;
- Where possible and practicable, we use locally-based / regional suppliers and build long-standing relationships with those suppliers as well as with our clients, and make clear our expectations of business behaviour;
- With regards to national or international supply chains, our point contact is preferably with a UK company or branch and we expect these entities to have suitable anti-slavery and human trafficking policies and processes. We expect each entity in our business chain to, at least, adopt 'one-up' due diligence on the next link in the chain. It is not practical for us (and every other participant in the chain) to have a direct relationship with all links in the business chain, ultimately to the field or utility generator.
- We have in place systems to encourage the reporting of concerns and the protection of whistle blowers.
