

LIFTING & PLANT MOVEMENT SOLUTIONS

SPECIALIST LIFTING • PLANT REMOVAL • HEAVY TRANSPORT

Complex moves. Controlled delivery.

Riglift is a UK specialist in plant and machinery removal, heavy lifting, transport, and complex logistics.

Family-owned and operational since 1992, we deliver high-risk, technically demanding projects safely and on time for utilities providers, infrastructure contractors, and industrial clients across the UK.

EXPERTISE

SAFE. PLANNED. EXPERIENCED.

LIFTING & PLANT MOVEMENT SOLUTIONS

RIGLIFT UK

What we do

Four integrated services, delivered as one controlled project from planning through to final positioning.

High-risk lifts and complex plant movements require more than equipment - they require planning, control and an experienced team on site.

01

HEAVY LIFTING

Complex lifts in restricted, live, and high-risk environments - planned and executed to the highest safety standards.

02

PLANT & MACHINERY REMOVAL

Full-scope removals from single machines to complete plant decommissioning and clearance.

03

SPECIALIST TRANSPORT

Abnormal loads, heavy haulage, and specialist logistics using Riglift's own dedicated fleet.

04

PROJECT MANAGEMENT

End-to-end project delivery including planning, lift design, risk assessment, and on-site management.

SECTORS WE SERVE

UTILITIES

Critical infrastructure and utility environments

INFRASTRUCTURE & CIVILS

Complex site and construction logistics

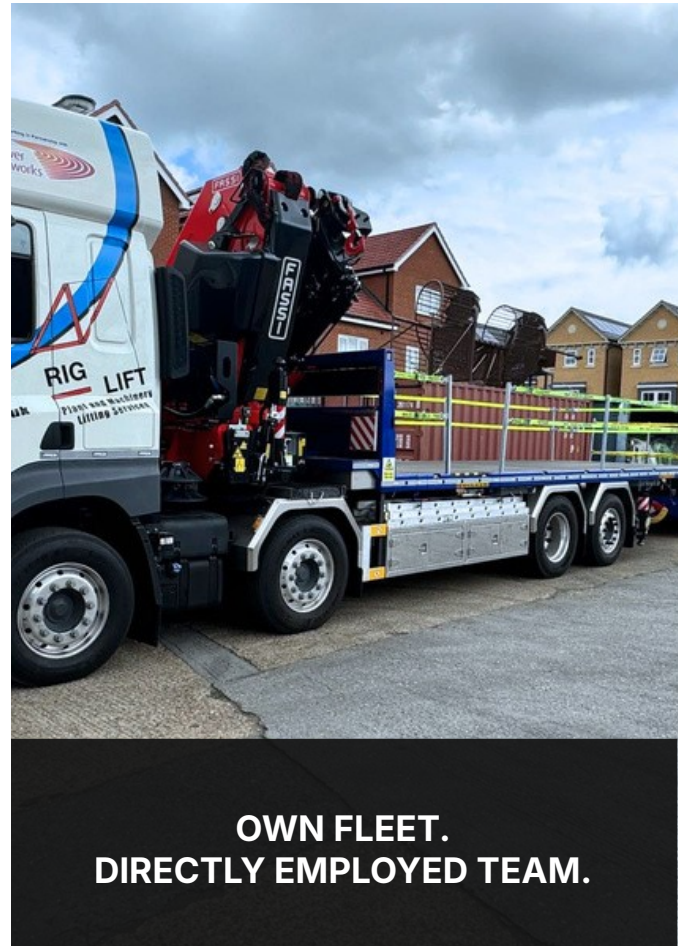

INDUSTRIAL & MANUFACTURING

Plant, equipment and production environments

Why Riglift

Built for technically demanding work
